employers

**30**  
community-based  
providers

**11**  
high demand  
career tracks

**2,000**  
youth

Learn & Earn is a \$4.5 million regional initiative made possible through a partnership between:

# Help us build tomorrow's workforce... Host a Learn & Earn Corporate Intern

## 2018 Internship Dates: June 25 - August 3, 2018

### Orientation begins the week of June 18

#### What is Learn & Earn?

Learn & Earn is the leading summer employment program serving low-income youth ages 14-21 in the Pittsburgh region. Participants earn money, gain valuable work experience, and develop soft skills to help them become college and career ready.

#### What is the Learn & Earn Corporate Internship Program?

The Corporate Internship program is a selective sub-program of Learn & Earn that places young people ages 18-21 in professional internships at local businesses. Candidates are selected in partnership with participating employers on the basis of past work experience, leadership, and career goals.

#### How will my company benefit?

For a contribution of \$2,500, your company will be matched with a qualified intern for 18 - 20 hours of work per week during the six weeks of Learn & Earn. Our staff prescreens all candidates, arranges interviews, provides ongoing training and support, and processes paperwork and payroll. If you have the work, we have the talent.

#### How do I know if Learn & Earn is a good fit for my company?

- Is your company seeking to attract diverse talent?
- Are you interested in closing the skills gap in our region?
- Is your team excited to mentor and learn from young people?

#### Thank you to our 2017 corporate partners:

Allegheny General Hospital
