

Application Support Center - RFP Q&A

1. As a previous Application Support Center and/or Provider, do I have to respond in full to the RFP or is there a different process in place for returning applicants?

A: Anyone seeking to be an Application Support Center and/or Provider for Learn & Earn 2021 must respond in full to the respective RFP. This is a new application period meaning only respondents to the newly published RFPs will be considered for next year's programming.
