Massaro, Steve  
McLaughlin, Cat  
Nobers, Jeff
Board Meeting Minutes (continued)
Chair Mark Latterner called the meeting to order at 8:31 a.m. and welcomed Board members and guests from the state.

Before moving on to business, P4W Governance Chair Deb Caplan acknowledged and thanked Mr. Latterner, who retired from Citizens Bank in March, for his years of service to P4W.

In brief remarks, Mr. Latterner commended previous CEO Stefani Pashman, current CEO Earl Buford and the staff for transforming the organization from a small think-tank to a multi-million-dollar leader in workforce development. He further commended Mr. Buford for raising the bar on business engagement, specifically by launching the Financial Services Industry Partnership and bringing the BankWork$ training program to Pittsburgh; revamping and relaunching a strong Intro to Trades pre-apprenticeship program with the Builders Guild and Pittsburgh Gateways; and strengthening the Transportation and Logistics Industry Partnership by bringing businesses including Giant Eagle, Pitt Ohio, Beemac and the PA Motor Truck Association together to strategize concrete and achievable solutions for hiring challenges.

CONSENT AGENDA
Mr. Latterner noted an executive session of the Executive Committee held at 9:30 a.m. April 3 to discuss personnel and other legally protected items. No actions were taken during the Executive Session.

Matter under consideration on the consent agenda:
- Approve Minutes from December 14, 2018, Board meeting annual meeting of TRWIB, Inc.

On a motion by Deb Caplan, seconded by Dr. Quintin Bullock, the minutes were approved by unanimous vote.

COMMITTEE REPORTS
Audit/Finance Committee and Operations
Chief Financial Officer Ray Herron referred to the financial package distributed with the board book and posted to the P4W Board portal. Key points:
- Auditors Schneider Downs issued a clean audit for the fiscal year ending June 30, 2018, with no findings.
- P4W hired an IT specialist in the fall of 2018 and is reviewing policy for cybersecurity.
- P4W is under budget on salary and wages as hiring has occurred more slowly than anticipated. P4W has a goal of 50 employees by June 30, 2019.
- An area of concern is expending TANF youth funds; P4W will seek a waiver to extend the funding.
- A new fiscal system is expected to be in place by July.

The subsequent conversation focused on connecting to the intern agenda of the Allegheny Conference and Public Allies and the impact of new hires on programs and policy to ensure P4W is better equipped to connect the dots between dollars and outcomes.

On a motion by Lisa Kuzma, seconded by Joe Belechak, the audit for the fiscal year ending June 30, 2018, was approved by unanimous vote.

Chief Strategy Officer Tracey Carey referred individuals to page 12 of the briefing book for an overview of fund development. In addition to reviewing new funding received, Ms. Carey further defined the concept of a funding collaborative. Specifically, she said the funding collaborative is an opportunity to co-invest in projects and programs that matter. She described work underway with Heinz Endowments, RK Mellon, and Hillman to bring funds to the table and braid them to better serve employers and job seekers. In addition, by re-establishing Pittsburgh as a funding collaborative city by the National Fund for Workforce Solutions, P4W is poised to tap into national resources and best practices from other cities with successful funding collaboratives.
On a motion by Dr. Bullock, seconded by Rich Barcaskey, the board accepted $1.4 million in grant funding received since the Dec. 14, 2018, board meeting. There were no objections or abstentions.

SERVICE DELIVERY

Service Delivery Member Rich Barcaskey discussed the process and recommendation for Title I and Earn contractors.

In late 2018, and in conjunction with the Pittsburgh Black Elected Officials Coalition, P4W hosted two public forums prior to the Dec. 19, 2018, release of Request for Proposals (RFPs) to educate existing and potential contractors about the funding. Bidders’ conferences were held in January.

P4W received eight proposals for Title I ($2.7 million allocated) and 10 proposals for EARN ($3 million allocated). After a review by a committee of board and staff, six Title I bidders were selected for in-person interviews. As a result of those interviews, on-site visits to other cities, and best practice research, the committee recommended a significant change by contracting with two Title I providers. While the practice would be new to P4W, this model is used in other parts of the state and country and would allow P4W to try different strategies with two providers that have significant value and partnerships while minimizing the risk of being beholden to one provider.

The committee recommends contracting with Grant Associates and Dynamic Workforce Solutions, each of which has a distinct employer engagement strategy and track record of serving as a Title I provider. Grant would be based in Forest Hills and Dynamic would be based Downtown. To minimize disruption, staff intends to onboard new providers in June to allow for overlap with United Labor Agency, the current provider. Current ULA staff would be given an interview with new providers, should they wish to continue with the new contractors.

On a motion by Dave Coplan, seconded by Frank Staszko, the board awarded contracts totaling as much as $2.7 million to Dynamic Workforce Solutions and Grant Associates to serve as Title I providers effective June 1, 2019. There were no objections or abstentions.

The group discussed some impending changes on the state level with EARN and the impact on P4W’s role; however, given the changes are 18 months away, P4W released the EARN RFP in late 2018. Of the 10 bidders, three were incumbent providers. P4W currently has three EARN sites, McKeesport, Downtown, and Wilkinsburg.

The committee recommended awarding contracts of as much as $3 million to Goodwill, EDSI and Grant Associates to serve as EARN providers effective June 1, 2019.

Grant was the highest scoring bidder and has significant experience with TANF in other cities. As such, Grant would replace SRS in Wilkinsburg; existing staff will be interviewed.

On a motion by Dave Coplan, seconded by Lisa Kuzma, the board awarded contracts totaling as much as $3 million to EDSI, Goodwill and Grant Associates to serve County EARN providers effective June 1, 2019.

YOUTH ADVISORY

Chair Debra Caplan offered an overview of the procurement for young adult contractors. P4W received 30 proposals from 28 organizations in response to the RFP. In total, P4W received requests in excess of $8.8 million with $3.2 million to allocate. In addition, P4W retained some funding in order to be responsive to other needs or new ideas throughout the current year. All current contractors submitted proposals at or above current funding levels.
Staff and board scored proposals based on past performance, level of expertise working with target populations, proposed program model, linkage with business, geographic spread and organizational capacity. The recommendations would increase the portfolio from 11 to 17 providers; Life’s Work is the only current provider not to be funded. Staff will work with providers until July 1 to help modify proposals and budgets, set interim outcomes, and ensure providers have the support necessary to be successful.

The subsequent conversation focused on increasing capacity for organizations that serve hard-to-serve youth, to ensure that young people in those communities are still served. Additional conversation focused on opportunities and the desire to make inroads far-reaching pockets of the county, such as the Tarentum area, not historically served by the workforce system.

On a motion by Carey Harris, seconded by Ike Gittlen, the board awarded contracts totally $3.2 million effective July 1, 2019, to:

- Auberle
- Bloomfield Garfield Corporation
- Center that CARES
- City Charter
- Community Empowerment Association
- Communities in Schools
- Garfield Jubilee Association
- Goodwill
- Holy Family Institute
- Homewood Children’s Village
- Human Services Center
- JFCS
- Neighborhood Learning Alliance
- Pittsburgh Public Schools’ Start on Success
- Phase 4
- ResCare
- Youth Enrichment Services

Dave Coplan and Marci Katona abstained; there were no objections.

LEARN & EARN

Now in its fifth year, the Learn & Earn program continues to grow. Ms. Caplan announced that the application period opened March 11, a week earlier than 2018, and more than 850 applications had been started to date. In addition, 10 application support centers, operating at 22 locations, will provide support and outreach.

Outreach efforts to promote the application have included a strong focus on schools in the region including meeting with the Deputy County Manager to identify priority County school districts, meeting with superintendents, sending robocalls to all PPS students in grades 8-12, offering pop up events at City and County schools. Allegheny County Youth Support Partners, the Choice Neighborhood Initiative and the Housing Authority of the City of Pittsburgh all have been tapped to provide application support to youth in their programs.

In all, P4W expects to serve 1,800 in 2019, dependent on funding. In addition, 33 corporate sites, at locations including PNC, ATI, Citizens Bank, and CCAC, have been secured for the summer.
GOVERNANCE

Ms. Caplan continued with a short update on Governance. She reminded that the Governance Committee continues to be committed to maintaining a high-performing board with the infrastructure necessary to conduct business. Several meetings with high-level business leaders have been held through the year and a slate of potential candidates is expected in May. As these individuals are appointed, an orientation session will be scheduled for the summer. Board elections also are expected in June.

OPEN FORUM/PUBLIC COMMENT

- As he had previously, Josh Pollard remarked about the timing of board meetings and suggested that the agenda be limited or time extended to allow for sufficient discussion.

- Ken Rice of Steel Center CTC commended P4W for its participation in CTC Signing Day, planned for May.

- Ruben Pachay and other staff from Labor and Industry (re)introduced themselves and committed to visiting and working with local boards to maintain open lines of communications and collectively problem-solve.

ADJOURNMENT OF MEETING

On a motion by Ike Gittlen, seconded by Rich Barcaskey, the meeting adjourned at 10:15 a.m.

**Board Meeting Minutes (continued)**

Board Secretary Jess Trybus opened the meeting at 9:02 a.m. with a roll call vote, announced a quorum present and the receipt of 2 proxy ballots approving all actions.

**ELECTIONS**

Governance Chair Deb Caplan welcomed new appointees – Chris Camino, Amazon; Laura Ellsworth, Jones Day; Dave Malone, Gateway Financial; Tom Melcher, Pittsburgh Building Trades Council; Brandon Mendoza, NAIOP Pittsburgh; Mark Rendulic*, Citizens Bank; John Thomas, ECHO Realty; Sam Williamson, Urban Redevelopment Authority. (Mark Rendulic’s appointment was confirmed by the end of the meeting once Labor and Industry, Oversight Services, reviewed, acknowledged and approved his Conflict of Interest declaration.)

Ms. Caplan announced that the appointees represent months of strategic recruitment to ensure composition aligns with the priorities of the board – to better align with and respond to business, at the speed of business, and to work more closely and collaboratively with our labor leaders to solve workforce challenges in the region.

Ms. Caplan announced the slate of officers recommended by the Governance Committee:

- Dave Malone, Chair
- Laura Ellsworth, Vice Chair
- Darrin Kelly, Secretary
- Lisa Kuzma, Treasurer

Ms. Caplan offered an overview of each candidate’s experience and expertise, again acknowledging the board’s priorities to align more closely with the Allegheny Conference, the business community and labor, and thanked each for his or her willingness to serve.

*With no other nominations from the floor, and on a motion by Dave Coplan, seconded by Ike Gittlen, officers were elected by unanimous vote.*

**ONE-STOP OPERATOR**

Service Delivery Chair Jess Trybus reminded that under WIOA, workforce boards are required to procure and select a one-stop operator to provide function management, coordinate partners and enhance the services at PA CareerLink® centers. The role of the operator in the next fiscal year will be of particular importance given the transition to two Title I providers; the operator will increase partners in the system and ensure a positive customer experience at both centers. Costs for the operator is covered by WIOA dollars and contributions from each of the required partners.

One key change this year is that P4W and partners elected to shift staff (site administrator, customer resource center employees) from our Title 1 provider to the operator to allow for better functional supervision.

Partner4Work issued an RFP for an operator in April and received three proposals.

- PHASE 4
- Dynamic Workforce Solutions
- ResCare Workforce Services

Staff and board members scored proposals and recommended awarding the one-stop operator contract to ResCare for an amount not to exceed $407,000 for one year beginning July 1, 2019. The contract includes five staff and a dedicated staff position and related costs to perform the duties.
The subsequent conversation revolved around the selection of ResCare, given its experience as a one-stop operator in other cities. In addition, Frank Staszko, Assistant Regional Director, Labor and Industry, Bureau of Workforce Partnerships and Operations, voiced support of bringing the five positions under the operator to maintain stability during the transition.

On a motion by Darrin Kelly, seconded by Dave Malone, the one-stop operator contract was awarded to ResCare for an amount not to exceed $407,000 for one year beginning July 1, 2019.

ADJOURNMENT OF MEETING
On a motion by Debbie Caplan, seconded by Jess Trybus, the meeting adjourned at 9:24 a.m.
MEMORANDUM

TO: Partner4Work Board of Directors
FROM: Finance Committee
DATE: June 21, 2019
RE: FY20 Budget

I have enclosed the proposed FY2020 Partner4Work budget. The following represents a more detailed narrative surrounding the FY2020 Budget Analysis.

Income:

- **Public Funds/Government Grants**
  - The proposed FY2020 budget shows a $3.0 million increase, which is caused by the following:
    - Midwest Urban Strategies – P4W received the Federal DOL DWG Grant for the MUS Consortium, which resulted in a $5.25 million increase.
    - FY2020 Decreased WIOA Allocations: P4W WIOA Allocations decreased for Program Year 2019 under Allegheny County WIOA by $700,000
    - TANF – Adult TANF performance bonuses were budgeted under this category for FY2019, and $1.25 million was properly classified under Release from Restrictions in the FY2020 budget.
    - DOL Ex-Offenders – With the addition of the STRIVE grant, it resulted in a $350K increase in FY2020 budget.
    - Learn and Earn – decreased by $650,000 due to including the County CDBG direct funding of program in P4W budget. These funds are directly managed by the County CDBG offices.

Expense:

- **Direct Program Expense**
  - The $2.4 million increase relates to the increase/decrease of funding sources identified above:
    - Midwest Urban Strategies – Increased by $4.6 million
    - Allegheny County WIOA – Decreased by $1.0 million
    - DOL Ex-Offenders – Increased by $200,000
    - Adult TANF – Decreased by $200,000
    - Learn and Earn – Decreased by $1 million due to proper treatment of TANF monies used for Learn & Earn, as well as not running the County CDBG funds through our budget.

- **Salaries, Wages and Benefits**
  - We are budgeting a $750,000 increase in this area, which is directly connected to two areas:
    - FY2019 Budgeted Positions filled in the 2\textsuperscript{nd} half of FY2019.
    - In FY2020, we will continue to build the infrastructure to right-size the organization by adding 2 additional positions primarily in the following areas:
      - Information Technology – 1 position for $60,000
• Program – 1 position for $40,000
• Raise Pool - $75,000
  o Staff level for 2020 will be 52 FTE and 2/3 Seasonal versus 2019 of 50 FTE and 3 Seasonal
  o For FY2019, P4W’s budgeted overhead rate was 6.5%. With the increases in infrastructure outlined above, the overhead rate would increase to approximately 7%.

• Information Technology Services
  o The increase of $135,000 relates to Parley Pro Contract Database of $25,000, Program Outcomes System $50,000, CRM System $40,000

• Rent
  o The increase of $30,000 relates to the addition of Floor 15 during FY2019

• Travel & Conference
  o P4W budgeted an increase of $20,000 to focus on staff development with staffing level increases over past 12 months.

<td>CareerLink provider of WIOA Title I Adult &amp; Dislocated Worker Services</td>
<td>Partner4Work administers the contracts for WIOA Title I Adult &amp; Dislocated Worker Services provided through the PA CareerLink Pittsburgh/Allegheny County system. Such services include enrollment in WIOA programs, provision of career services, training services and business development services. Together, the two Title 1 contractors in our local area, Dynamic Workforce Solutions and Grant Associates, will aim to place around 2,000 total WIOA-enrolled individuals in jobs annually, as well as connect jobseekers and businesses to a range of resources and opportunities through the one-stop system. The contracts with Dynamic and Grant will begin July 1, 2019 and run through June 30, 2020.</td>

<td>TANF EARN</td>
<td>Employment Advancement and Retention Network (EARN) is designed to assist clients in transitioning from welfare to workforce. The EARN program provides case management, job preparation, career development and job retention services to recipients of public assistance. The overall program goal is to decrease dependency on public assistance and establish self-sufficiency. Participant eligibility is determined by and referrals are made by the County Assistance Office (PA DHS). Three EARN providers see roughly 1,200 clients each year, collectively, and have goals related to job placement, job retention and credential attainment. P4W became the grantee of the County EARN program on 7/1/17.</td>

INDUSTRY PARTNERSHIPS

Partner4Work – in partnership with PA CareerLink – is intentionally bringing businesses together to create a sustainable infrastructure for planning and executing innovative solutions to challenges shared by employers within the following key industries: Construction, Financial Services, Transportation & Logistics, Public Sector, Education, Manufacturing, Retail and Hospitality, Information Technology, and Healthcare. Since October 2018, P4W has raised approximately $1.1 million in grant funding for the convening and implementation of industry partnerships, as well as to support apprenticeship and other workforce strategies aligned with employer demand in those targeted sectors. Additionally, all P4W staff attended an internal training on May 15th focused on the role of workforce development boards in industry partnerships. Key updates are provided below.

CONSTRUCTION
Intro to the Trades: Pre-Apprenticeship: Two cohorts with a total of 42 participants enrolled in the program. All 21 participants of the first cohort graduated and have been placed. The graduation of the second cohort was held on June 14. Recruitment for a third cohort is underway and programming will begin in early July. Earlier this year, the Builder’s Guild put on a career exposure event, “Build On” that highlighted building trades to 4,500 middle and high school students who attended. Nazareth Prep is providing hands-on construction-related programming to as many as 40 young adults this summer. These students will then receive group mentoring and attend multiple construction-related site visits during the 2019-20 school year.

TRANSPORTATION & LOGISTICS
On April 15, 2019, Partner4Work hosted a convening for the Transportation and Logistics industry partnership. With the support of the Pennsylvania Motor Truck Association SW Chapter, nine employers were in attendance representing a variety of sectors within this industry: trucking (assets), logistics (brokerage), sales and servicing of trucks. Key challenges identified by businesses include creating exposure around career pathways within the industry, especially among young adults; educating on the continued professional development the industry has experienced, driven by technology; and developing a shared recruitment strategy across the industry, with a tiered training model.

EDUCATION & PUBLIC SECTOR
Early Childhood Education Industry Partnership – P4W formed a partnership with Trying Together, CCAC, Carlow University, Literacy Pittsburgh, and other community partners to establish an Early Childhood Education Registered Apprenticeship Regional Hub that will help childcare workers advance professionally while helping employers enhance program quality. This initiative is supported by PA Smart, The Heinz Endowments, and the Kellogg Foundation. P4W is also partnering with The Heinz Endowments on the development of a K-12 Industry Partnership to identify strategies to address the need for a more diverse teacher pipeline.

FINANCIAL SERVICES
Partner4Work kicked off the Financial Services Industry Partnership on March 7, 2019, with a meeting that brought together 11 participating financial institutions along with the Pennsylvania Bankers Association. The IP is preparing to launch BankWork$, a nationally recognized training program that prepares unemployed/underemployed individuals for retail banking careers. P4W has selected the Energy Innovation Center Institute to be the program provider for the initial BankWork$ cohorts, which are slated to begin in 2019.
