Subject: ITA Training Program Reopening

Dear Partners,

Thank you for your continued patience and partnership as we prepared to reopen the Individual Training Account (ITA) program. We're excited to share that we are resuming ITA processing for training start dates **on or after Monday, October 13, 2025**.

Please ensure all ITA packets are complete and submitted according to standard guidelines to avoid delays.

We appreciate the patience and collaboration of all partners, providers, and participants during this temporary freeze. Your flexibility has helped us position the program for a strong restart.

If you have questions, or need clarification on eligibility, please reach out to your local PA CareerLink® Pittsburgh office.

Thank you again for your ongoing commitment to serving our job seekers and employers.

Sincerely,
Partner4Work
